Summary:--

I graduated from the college "Southern New Hampshire University (SNHU)" with a Bachelor's degree with some of my credits being transferred from the college I earned my Associate's degree at, the "Community College of Vermont (CCV)" I transferred colleges after the CCV ran out of programming courses to offer.

I hope to use the knowledge I gained through college and apply it to this position. I am willing to learn new skills that will help me complete my tasks. I will be dependable and helpful and use my knowledge and perseverance to succeed.

Skills:--

Education in HTML, JavaScript, CSS, Web Development, Git, and Command Line	Computer Skills
Fast Learner	Tech-Savvy
Dependable and Reliable	Fast and Accurate Typist

Experience:--

SouthWestern Vermont Healthcare | Bennington VT | Internship Student

As a student I worked under Charles Wells in the IT Department to learn the beginnings of Vue.JS and create programs with it.

This Internship was to give me work experience so that I would know what its like to work both remote and in-office, and with another person.

While I learned and understood JavaScript in college, "Vue.JS" which is a framework of JavaScript was different enough that I had to read through tutorials and talk with Charles to learn how it functions. Charles said he was impressed with how fast I picked up what I currently learned of "Vue.JS".

I have created multiple projects in my classes at my Upright Software Development class

Education and Training:--

Southern New Hampshire University | Bachelor of Science: Information Technologies with a concentration in Software Development ++

I graduated with a cumulative GPA of 3.811

In SNHU, Summer and Fall of 2020 I was on the Dean's List

In SNHU, Winter, Summer and Fall of 2021 I was on the President's List

I became a member of "The National Society of Leadership and Success" in 2021

I graduated "magna cum laude"

I took an additional course in Intro to Java Prog I in 2023 to shore up my knowledge of Java.

And I am currently taking a Software Development Class at Upright
